What is the most important event in human history that decisively changed the world and its future?

We might think it is an event from a series of innovative breakthroughs in the scientific world. Like the invention of electricity which advanced our mastery of this world. Or the discovery of penicillin which empowered us to suppress human death rate. Even the invention of the atomic bomb once gave humanity hope that we can end all wars and bring about world peace.

We could also consider about the rise of the many humanitarian movements that could restore our faith in humanity. The abolition of slavery, the Civil Rights Movement, and many other human rights movements target the many oppressions and injustices, all of which came from our wickedness and greediness. Could these movements be the answer for us to have a better future?

Or could it be that political victories are all that really matter? The end of World War II, the fall of Berlin wall, the recently elected president of USA... all these events do seem to have a more concrete and practical global impact on the world. After all, many believe that history is written by the victor.

However, regardless of the many life-changing inventions and discoveries, inspirational movements, and optimistic victories, we are left to wonder whether any of them is able to deliver us to the promised land. Could we truly get there? Should we keep on believing? Is there hope for humanity?

The Good News proclaims that there is! About 2000 years ago, there was once a historical event that answered our question. It was the climax of the entire history of human race, beginning from the creation of the world to the present age, until the last day of history. It was the most crucial event that dramatically impacted the course of humanity. That historical event was the day when the Son of God was resurrected from the dead.

In His death, Jesus gave Himself to us. In His resurrection, Jesus is victorious over death, sin, and the powers of evil. Because He lives, we have hope for eternal life, for overcoming our wickedness, and for us to keep on fighting in order to redeem this world. Is there any victory greater than this? Is there any day that is more glorious than the day our Lord was risen? Let us celebrate!

历史上决定性地改变了世界及其未来, 最重要的事件是什么？

我们可能会想到科学界一系列的创新突破。例如电的发明推动了我们世界的掌控。青霉素的发现使我们有能力抑制死亡率。甚至原子弹的发明也曾给人类带来结束所有战争、实现世界和平的希望。

我们还可以考虑一下人道主义运动的兴起，这可能会重拾我们对人类的信心。废除奴隶制、民权运动和其他许多人权运动都是为了解决因我们的邪恶和贪婪而产生的压迫和不公正。它们会是更美好未来的答案吗？或者说，政治上的胜利才是真正重要的？第二次世界大战的结束、柏林墙的倒塌以及最近当选的美国总统似乎都对全球产生了更具体、更实际的影响。毕竟，许多人相信，历史是由胜利者书写的。

然而，无论有多少改变生活的发现、鼓舞人心的运动和乐观的胜利，我们都不禁要问，它们中是否有任何一个能够把我们带到应许之地。我们真的能到达那里吗？我们应该继续相信吗？人类还有希望吗？

圣经福音好消息宣告有的！大约 2000 年前，有一个历史性事件回答了我们的问题。从创世开始，一直到现在，直到历史的最后一天，这事件是整个人类历史的高潮。它是最关键的事件，极大地影响了人类的进程。这一天，上帝的儿子耶稣基督从死里复活。

在祂的死中，耶稣将自己献给了我们。在祂的复活中，耶稣战胜了死亡、罪恶和邪恶势力。因为祂活着，我们才有希望获得永生，战胜我们的邪恶，继续为救赎这个世界而战。还有比这更伟大的胜利吗？还有比我们的主复活之日更荣耀的日子吗？让我们庆祝吧！
